FEATURES & BENEFITS

Fonzel mobile shelving optimizes bulk filing storage to meet any applications for archive filing cabinet & regular applications of office bulk file storage cabinets. Our mobile compacta is BIFMA certified product which is highest American product compliance standard. It has all the human safety features required by European standards for easy entry / exit to access files.

- 1 Upright Structure Design for better strength
- 2 Wooden platform in walkway for safe entry / exit
- 3 Belt pulley mechanism for noiseless performance
- 4 Aluminium track for rust free environment
- 5 Add-on track design for future bay expansion row-wise and depth-wise

- 6 Easy adjustable Levellers to address uneven floors
- 7 No grouting is required which avoids floor hacking
- 8 Dual purpose adjustable shelf with 40kg capacity
- 9 External flush Lock
- 10 Sloping Ramp for trolley use

WHAT IS SMART COMPACTA

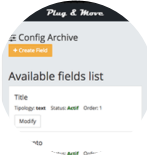

Smart Compacta is an innovative solution conceived to replace all the manually operated structures and make them automatic. 100% compatible with all existing brands

- ✓ Easy installation
- ✓ Fully automatized
- ✓ Amazing sensor security features

Smart phone App

INTRODUCING PLUG & MOVE

Today 90% of the existing structures operate manually. Plug & Move is the revolutionary kit that transforms all traditional manual archive installations, of any brand or model, into intelligent electronic systems.

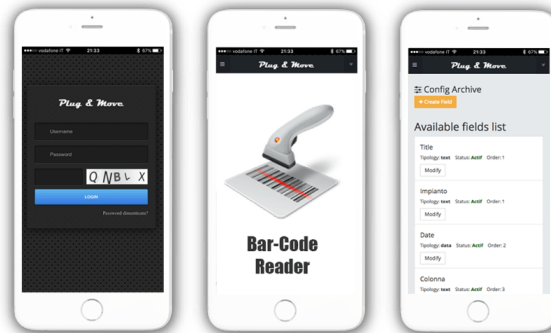

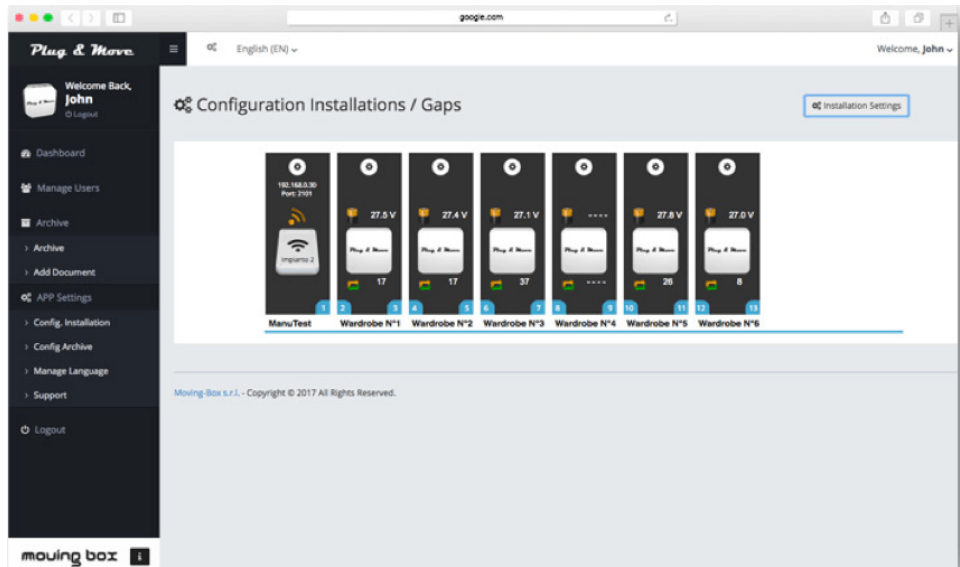

The Plug & Move Management Software is a 'Smart Automation System' that guaranties full control of the archive system from a remote device like smartphone, tablet, computer etc.
