

Smart Solution for
Pharma Cleanrooms

OUR SMART LOCKER TECHNOLOGY

WAYS TO ACCESS

BENEFITS OF SMART LOCKERS FOR PHARMA MANUFACTURING

Operational Efficiency

- Streamline staff gowning processes with dual-door design
- Enable 24/7 controlled access while reducing cross-contamination risks

Security and Compliance

- Biometric access ensures proper personnel identification
- Digital audit logs of all access events for Good Medical Practice documentation

Space Management and Cost Efficiency

- Modular configurations optimize changing room layouts
- Usage analytics provide insights for capacity planning

SMART LOCKERS, CLEAN ROOM ESSENTIAL!

Convenience and Accessibility

- 24/7 controlled access to appropriate gowning materials
- Fingerprint/Face scanning for rapid authentication

Security and Access Control

- Role-based access levels for different clean room zones
- PIN-based temporary access for visitors and auditors

Compliance Assurance

- Complete digital records of changing room activities
- Automated documentation for regulatory inspections

WHY FONZEL

- Manufacturing set-ups in India & Malaysia for Smart Lockers.
- In-house team for development, deployment and life cycle support.
- Bespoke Smart Locker designs in metal, wood & their combinations
- 13+ Years experience in supply of Smart Lockers across Asia and Europe

ISO 27001:2013

ISO 9001:2015

PHARMA COMPLIANCE BRIDGE: DUAL DOOR LOCKER DESIGNS

Barrier Protection

Impenetrable contamination control

Cleanroom Integrity

Maintains sterile environments

Seamless Transition

Enables safe personnel movement

Next-Level Cleanroom Security

Trusted in pharma manufacturing
